

1 случай

$$a/\sin A = b/\sin B = c/\sin C = 2R$$

$\sin A = a/2R$
 $2R = a/\sin A$

2 случай

$\sin(180-B) = b/2R$
 $\sin 180^\circ \cos B - \cos 180^\circ \sin B = 0 \cdot \cos B + \sin B = \sin B$
 $\sin B = b/2R$
 $2R = b/\sin B$
